ErgoPulse PTI

Pulse Tool Innovation

The new generation of pulse tools

Tired of servicing your tool too often?

Interested in having a faster production line?
Do you want to have high operator comfort?
Don't look further... We have designed the new PTI Pulse Tool with your needs in mind!

The PTI will reduce your total cost of ownership and give you increased value.

Here's how:

- It reduces the need of maintenance
- It improves the production quality throughout
- It is designed with superior ergonomics

¹ Up to 5 times longer tool uptime, depending on application.

Good for you, your operators, and for your company's business

up to
5x

Longer time between service

... with our DuraPulse® technology. The PTI will be your new work horse that reduces the need of maintenance¹

Faster production

... with our TorqueBoost®. The torque built-up is even faster, giving you reduced hours per production unit

Excellent ergonomics for the operator

... to reduce work related costs due to operator fatigue and injuries

Improved quality

... with a more robust and stable shut-off mechanism

Optimal performance

... throughout the lifetime of the tool with the right startup and maintenance

ErgoPulse PTI
